Subject: Electronic Voting Team
CC: Board Members

We need to move this meeting to Wednesday afternoon @ 1:30 p.m. Michael and I need to meet with ISC regarding the broken scanner for the VR system Wednesday morning.

Last night the Board informed me that they want each of you to serve as members of the Electronic Voting Team that reviews each of the systems and makes the recommendations to the Board as to which vendor best suites our needs.

Therefore, we will hold our first meeting next Wednesday, July 9, 2003 at 10:30 a.m. in the Board Room. Please come prepared with your thoughts on the criteria that we need to use to select a vendor...Gwen

Identified and Evaluated Potential Risks

- During the course of our study, Compuware identified and analyzed several security risks:

	High	Medium	Low	Total
Diebold	5	2	8	15
ES&S	1	3	13	17
Hart InterCivic	4	1	5	10
Sequoia	3	5	7	15
